

# ENDERBY LAWN TENNIS CLUB

## ANNUAL BARN DANCE AND PRESENTATION EVENING

As usual, the Evening, which was held at the Narborough Bowling Club premises, was very well attended and Alison Picken, the Chairman of Tennis Leicester Ltd, with her husband Michael were invited along as guests of the Club.

Good footwork and timing is very important for Tennis players, and is also an essential ingredient in the art of Country Dancing, which, also like Tennis, can be enjoyed by all age groups. Even so it was obvious that the more experienced (older) dancers won on merit, though they were closely challenged by the greater fitness and fierce enthusiasm of the younger players.

After the first session of Barn Dancing, it was time to attack the vast buffet and then settle back to watch the presentation of the trophies won in the Club Tournaments. The juniors deserved special mention as they have done very well in all of their tournaments over the last few years and they have beaten all the larger clubs in the process.

Alison spoke briefly and then awarded the trophies as Alan Woods, the Junior Representative, read out the winners' names. The Juniors then paraded around the floor to the strains of 'We are the Champions', before the Senior tournament winners were given their trophies.

After the buffet was reduced to scraps, those that could still move gathered for the next session of Barn Dancing, ducking and weaving around the floor to the directions of the caller and the strains of country music.

Alison is pictured here, surround by the winning Junior players. We will certainly be seeing these players in the future, so watch out Leicestershire.
